REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Although liver cancer patients with hepatectomy alone could survive 5 years or more, the survival rate is not the same as the recurrent rate, and cannot be used to predict the prevention of a non-recurrent rate for 5 years, because the survival rate could include both the recurrent and recurrent-free rate.

The submitted amendment is supported on page 4, para 0016, p.5, para 0019, p.6, para 0022, and Example on p. 8-11 of the instant application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
